**Essential Oil of the Month: CO2 Cocoa**  
**Essential Oil Tincture: Kava Chill**  
**Magick Mister / Massage: Spark! Mister**  
**Docta's Picks: Crown**

### Digestif (Therapeutic Formula)

Digestif began as Digestive Blend which was formulated as a therapeutic hot tea beverage for a client. Digestive Blend started as a blend of Fennel, Star Anise & Peppermint which aided in cramping stomachs. Ginger soon got added into the mix for it's warming, soothing properties on the digestive tract. I've taken this blend with me to the Netherlands and to Peru where it has aided in overcoming food poisoning within hours, taken upon first onset.

Digestif is our 2.0 formulation which came into creation late 2015 ~ this formula also adds in CO2 extracted Caraway & Mace. The blend has been well rounded adding some earth, spicy tones to the very high sweet flavors of menthol and anethole from peppermint / star anise.

**Enhancements: Charged with orgonite & vibrationally tuned in a 432 hz Crystal Bowl.**  
**Ingredients: Organic Caraway (CO2), Fennel, Bitter (CO2), Organic Ginger, Organic Mace, Organic Peppermint, Organic Star Anise (CO2)**

### Organic, CO2 Extracted Cocoa (Germany)

This infusion of Organic CO2 Extracted Cocoa is luscious and irresistible. Imagine the cleanest fragrance of a silky chocolate – rich, deep notes that penetrate the senses. This is a delicious formulation that is equally amazing to wear as it is to infuse into your desserts. For perfumery use, less is more ~ mere drops can really add something special to the mix and can easily overpower if you are not paying attention. CO2 Cocoa is an excellent moisturizer/lubricant – one that smells like heaven. I've used this product multiple times post-sun exposure to aid in healing burnt / over-sensitized skin.

Our CO2 Extracted Cocoa is infused into premium quality Fractionated Coconut Oil (MCT) produced by ConnOils. This MCT product has gone through rigorous sourcing & testing and appears to be the finest quality/purest FCO on the market. Benefits of FCO include increased absorption into the skin, long stable shelf life, no added fragrance, a smooth glide as a carrier oil and great nutritional content.

# Essential Oil Wizardry

**Enhancements:** Charged with orgonite.

**Ingredients:** Organic CO2 Select Extract of Cocoa infused into Fractionated Coconut Oil (MCT)

## Kava Relax (Essential Oil Tincture)

Kava Relax is our formulation designed to deeply relax the body, calm the mind and aid into a restful state. Formerly known as Kava Chill, this wonderful tincture has a unique herbaceous calming flavor with bitter notes on the tail end. Kava is a root which stimulates the GABA receptors inside the body which creates a deeply relaxed, slightly intoxicating feeling. It's quite normal for your mouth to get numbed from kava – in-joy!

I personally use about one dropper full of kava before bed, when I choose to use this. Or if I'm overly stressed, it seems to relax and have a general mood enhancing effect. *Do not take this tincture before operating heavy machinery or driving!*

**Enhancements:** Charged with orgonite & vibrationally tuned in a 432 hz Crystal Bowl.

**Ingredients:** Organic Bergamot, Organic Clary Sage, Organic Fennel, Organic Rose-Geranium, Organic Lavender, Organic Sweet Marjoram, Organic Blue Yarrow infused into Fractionated Coconut Oil (MCT)

## Spark! Mister (Magick Mister)

Spark! Mister is a clever way to revive your workspace, elevate your awareness and neutralize pesky microbes in the area. Our Spark! Formula is a combination of three powerful essences which are anti-microbial, stimulating and refreshing. This is intended to aid in study sessions, used to mask/destroy bathroom odors and in general add pep to your step. Shake well and use several sprays in the desired location – close eyes. *Avoid spray in your eyes and the eyes of others – will be HIGHLY irritating!*

**Enhancements:** Charged with orgonite & vibrationally tuned in a 432 hz Crystal Bowl.

**Ingredients:** Organic Peppermint, Wildcrafted Ravensara, Wildcrafted Tulsi infused into Vitalized Distilled Spring Water.

## Crown (Divine-Align: Chakra Set)

*Levitate your reality and go Astral with Crown.* Next level botanical blend for elevating to higher states of awareness ~ sacred anointing blend, great for mediation & ceremony purposes.

**Enhancements:** Charged with orgonite & vibrationally tuned in a 432 hz Crystal Bowl, “B” Note

**Ingredients:** Wildcrafted African Copal Bark (CO2), Angelica Root (CO2), Blue Lotus Absolute (Sri-Lanka), Organic Nutmeg (CO2), Wildcrafted Opopanax, Wildharvested Oud (Cambodia), Unsprayed Pink Pepper infused into Fractionated Coconut Oil infused w/ Dead Sea Salts.

**\*Please Be Advised:** These products are not intended to cure, heal, diagnose or treat any disease.
