

Essential Oil Wizardry

~ Alchemy Subscription Package ~ Month of April 2017

Wizard Alchemy Blend: Circulatory Flow

Essential Oil of the Month: Copaiba

Essential Oil Tincture: Turmeric Power

Exquisite Botanical Perfume: Bulgarian Rose Perfume

Circulatory Flow (Therapeutic Formula)

A powerfully cooling splash blend developed on the Big Island, Hawaii in 2014. This formulation was designed to stimulate the lymph system, kidneys, support detoxification protocol and soothe the physical body. This essential oil blend has been made into a body oil and magick mister spray which is truly cooling on hot summer days. Some of our clients swear that massaging this into the legs during an airport ride greatly support reducing swelling in the ankles. We've also seen this greatly reduce edema in the legs of elderly and those with poor circulation.

My favorite ways of working with this blend are to massage this over the lymph node points, over the kidneys on the back side or to rub into the body after a hot shower. When this oil is applied after a hot shower, the pores are opened up and the oil on the skin is repelled from the water on the skin and driven deeper into the body.

Ingredients: Wildcrafted CO2 Extracted Frankincense Carterii (Somalia), Wildcrafted CO2 Extracted Juniper Berries (CO2), Organic Sweet Marjoram (France), Organic CO2 Extracted Myrrh (Somalia) infused into Fractionated Coconut Oil

Copaiba, Steam Distilled (*Copaifera reticulata*) ~ Peru

Copaiba is a revered extract in South America known to tonify the skin, support in topical infection, speed the healing of bug bites, burns. Think of Copaiba as the "Neosporin" of the amazon that also has a sacred vibration and may be used as a topical anointing blend for divination. Copaiba is highly anti-inflammatory, supportive of skin healing (ie. blemishes, acne, wrinkles). This extract also offers anti-fungal properties and has been used to break up inflammation in the respiratory system.

Try applying this oil to the skin for any topical infection or wound when needed. Great applied to heal wounds. Apply a few drops into the hands and take a few deep inhalations ~ such a powerful extract!

Ingredients: Wildcrafted Steam Distilled Copaiba (*Copaifera reticulata*) from Peru.

Turmeric Power (Essential Oil Tincture)

Turmeric Power is an incredible CO2 Extract nutritional supplement to vitalize your life. Empowered with the finest Organic Turmeric and Black Pepper extracts, containing a spectrum of curcuminoids and bio-active synergistic compounds including Piperine (which has been clinically studied to greatly enhance the bioavailability of curcuminoids) and ascended with our own mineral extraction to increase the potency and effects.

This is Turmeric that you will feel – try starting off with 5 drops – ¼ dropperful, under the tongue. Our team loves to add this formulation into our epic salad dressings, cooked dishes and is quite handy around the gourmet kitchen. Similarly, you can keep this product in your medicine cabinet and enjoy it as a powerful supplement as you choose. You can work yourself up to ½ dropperful, several times/day. Experience (quickly) the potent body supportive effects of Turmeric with Turmeric Power!!

Ingredients: Organic CO2 Extracted Turmeric (Vietnam), Organic CO2 Extracted Black Pepper (India) infused into Ormus Enhanced Fractionated Coconut Oil (MCT)

Bulgarian Rose Perfume (Exquisite Botanical Perfume)

Sultry and heart-centered rose – the finest extracts from Bulgarian, Morocco come together to play in a synergistic fashion for a divine aromatic experience. We've enjoyed creating our own botanical perfume using organic honey spirits distilled by our beekeeper friend Benjamin Pixie in Oregon. Bulgarian Rose Perfume is a fine balance between an extraction of the rose waxes from a solvent extract and an absolute infusion to create the perfect Rose bouquet. As this sat and aged over the weeks, the product just became more divine to bear witness and experience.

Wonderful to apply over the heart and on the wrist points to uplift the spirits and clear heart blockages. Love yourself more!!

Ingredients: Bulgarian Rose Absolute Wax (Bulgaria), Bulgarian & Morocco Rose Absolute extracted into Organic Artisan Distilled Honey Spirits.
