Cosmic Orgasm (Botanical Perfume / Anointing Oil)

The fabled Cosmic Orgasm is an inspiration from 2012 – birthed in Lesley’s “Casa de la Gringa”, an international hub for world travelers in Cuzco, Peru on New Year’s Eve. Rich essences of Hawaiian Sandalwood, Moroccan Cedar Atlas & Israeli Blood Orange, blended one drop at a time & explored through a vaporizer. These magick moments have been distilled into the expression of the Cosmic Orgasm ~ Perfectly balanced and succinct with clarity, passion & stillness.

Cosmic Orgasm is a balanced multi-dimensional anointing oil for relaxing the nervous system, heightening meditative awareness and enriching the experience. Apply a drop onto the wrist point, third eye and bottom of the feet to sync into alignment. Wear around the body for a truly balanced centering invocation. Our anointing oil is a versatile formulation though not intended for ingestion through vaporization, dabbing or as a tincture.

Ingredients: Organic Royal Sandalwood (Hawaii), Organic Cedar Atlas (Morocco), Israeli Blood Orange infused in Fractionated Coconut Oil enhanced with ORMUS

Rosemary Cineole, CO2 Extract (Morocco)

Previously an unreleased batch of CO2 Extracted Rosemary Cineole, used only as an ingredient in our Trinity formulation. This more full-spectrum (compared to steam distilled) CO2 Extract of Rosemary has an impressive top-note that is energizing and stimulating for the mind. Meanwhile it offers a pronounced mid-note that is pervasive and effervescent. Rosemary terpenes have been shown to support memory, focus & concentration in small clinical studies.

This potent botanical ingredient is intriguing to play with in your culinary dishes – a single drop is pronounced as a flavor additive in 16 oz of your gourmet herb sauce. Very uplifting & invigorating when used in your diffuser at home or in the office to increase productivity. Put 5 drops in each 8 ounces of body care products (soap/shampoo) to uplevel your showering game!

Ingredients: CO2 Extracted Rosemary Cineole (*Rosmarinus officinalis*) from Morocco
